Memo

Two Petitions of June and July 1901 from certain men of the Queens Own Sappers and Miners received through the Residency urging their claim for the grant of building sites in the Bangalore City - were forwarded to the President for a very early report.

On this letter, the Dewan recorded the following note on 3-8-01.

"Let me have a note on this case. Call for report and records if any."

2. The President states in his letter c/o 119 dy 1/10/01 "that steps are being taken to send for these men in order to hear their grievances in person and to persuade them

13 The Chief Commandant states that it would be inconvenient for the Barr men if the public get between their ~~Barr~~ buildings, that new huts have to be constructed for the men, and that the construction of these was only deferred as the R.H.A could not find funds. He however adds that if the Government should decide to shift the whole lines somewhere else according to the proposal made a few years ago, then there could be no objection to the Municipality taking over the site in question.

In company with Col Benson, Mr Thacker & Mr Palfrey I inspected the site in question, ie the one near the Barracks on this morning of the 27th Instant - We are all agreed that the site is the worst that could be selected for the purpose - Allow me to say nothing of the inconvenience likely to be caused to the Barrack men -

The site first allotted to these men is some distance from Barracks & for at least two of which the difference between it & the one now in question is payable for site between us for public purposes, when there is the less concerned seems to be an excellent one in every way - A few of these men have already built thereon & there are a few others -

Subject. Re the claim put forward by certain men of the "Queen's Own" Sappers and Miners for building sites in the Bangalore City.

"This morning I again inspect-ed (1) the site first promised, and even given away, (2) the site next selected and (3) the site now proposed.

I do not think that there is any valid objection to No. 1.

No.2 is not only unsuitable on sanitary grounds but is also ob-jected to by the Chief Commandant.

No.3 is too good a site to be acquired and allotted for this purpose. A good bungalow or two would at once be built on it if it were acquired and made available as a building site. The men concern-ed have however been badly dealt with in the past and they are therefore naturally importunate. Let us accordingly take immediate action. I offered them, or rather to be strictly accurate-, their representatives, one or two other sites which seemed to be good enough in every way but I could not get them to agree to the same.

I am afraid it was a mistake to have promised them fresh sites in lieu of the sites of their

(2)

their houses to be demolished. If I am not mistaken, one of the conditions of the original grant was that they were to have no proprietary interest in the land on which they were permitted to build and that compensation in case of ouster on public grounds was to be given them only in respect of the superstructure. The proper course was to have bought them out completely.

To

P. N. Krishna Murti, Esq., C. I. E.,

THE DEWAN OF MYSORE.

MOST HONORED AND RESPECTED SIR,

WITH due profound respect, and humble submission, we the undersigned belonging to the Corps of "Queen's Own" Madras Sappers and Miners and the Pensioners, thel ate inhabitants of the Old Sapper Lines near the City Fort, most earnestly beg to lay our modest petition with a sanguine hope that will meet with your honor's utmost valuable consideration and success and in the meantime praying to be pardoned for our intrusion in giving your honor trouble.

I. We beg to inform your honor that our Grandfathers and parents were dwelling in the above said Old Sapper Lines from 1830 to 1890; the deceased Mr. Nagasa Rao, the then City Amildar, sent for us and our parents and enquired how many years we had been residing in the above mentioned place for, we in reply answered him that from the time of our forefathers we were the inhabitants of that place and also mentioned him that the ground was given to our forefathers in the time of the late Dewan, (your honour's beloved Grand-father) —

II. On giving this information to him, he told us that our dwelling place having been very badly required by the City Municipality to erect Mundi Bazaars called "Taragu Pet", and that a vacant piece of ground, situated just about a furlong from the Maha Rajah's Regimental Lines and the Mosque would be measured, plotted and given to us in place of our old premises for the erection of our New Buildings with a promise that he would pay only the cost of House-materials to those who were not prepared to sell their houses and grounds &c., and to the rest that were willing to dispose of their landed property, the purchase money has been paid and settled. When we were paid for the value of the House-meterials, the Late Mr. Nagasa Rao promised us that instead of our Mariamman's Temple in the old place, would be built for our Ceremonial Culture on the promised ground at the cost of the City Municipality; and on his final decision we requested him to give us the promised ground accordingly plotted and measured equal to our old premises and grounds. In the year 1889 he had the vacant ground only measured setting with marking stones, but neither he plotted the ground nor granted to us for the construction of houses respectively. We who were only paid for the House-Materials made several *urgees* for orders, not even one of them has been taken into consideration and replied to and a few days elapsed afterwards we called to his house in person and respectfully requested him to issue us his decisive orders to erect our new houses, which he, without complying with stated that a Municipal notice would be served on the matter and permited us for the time in subsequent to live in our old houses until further orders.

III. We were in expectation of the orders for about ten years, and finding no signs of issuing orders as proposed, we applied for the same and in reply, he, not by the use of written orders, verbally informed us that the same promised piece of vacant ground would within a brief lengh of period, be sanctioned with a binding declaration that he would call personally and have the ground properly plotted and given to us in his presence but we were not in accordance with his several perfidious promises as yet given with any orders.

IV. In the time of T. T. Leonard Esqr. who was the President of the City Municipality, we received a notice from him directing us to vacate immediately our Old Houses and shift to the place where the Pindari Cherry was situated just the nearer to the Kautumuneshwar Koil in the locality of Hebbal Village—and with reference to the notice we made an application to T. T. Leonard Esqr. mentioning him that in the year 1889, a piece of vacant ground by the Kengeri Road, adjoining the Mahomedans' Mosque, was already promised to us by the deceased Mr. Nagasa Rao, the then City Amildar to construct our new houses on the promised ground, for this reason we informed him we would not depart from our antique place, as soon as we gave him all the particulars he enquired in the office if our statement was correct, and on his being satisfied with their deposition he gave an order to Mr. Honnappah to have the plan of the promised piece of vacant ground, produced for his information, which he furnished accordingly and on his view of it, he inspected the vacant ground granted to us and declared that he would also within a short period sanction the same, but he unfortunately having proceeded to England on private affairs we have not been up to the date contemplated on the subject.

V. On the 11th of September 1899, precisely at 6-P.M. a sudden Municipal Notice of 24 hours, was presented to us to vacate again our old houses at once and on the 12th Idem at about 6-A.M. one of the Municipal Overseers viz., Varadappah having appeared instantaneously with a pack of coolies and implements issued orders to them to demolish the compound walls of the premises, during which time some of our people were asleep and some were preparing Morning-food and some of our women were in the necessary houses and our poor children trembling through the fear of those coolies commenced crying and the whole of our people were also perturbed, and in the intervening time Messrs. Poottannah Chetty, the Deputy Comr., and the late Srinivasa Rao, the then Vice President of the City Municipal Comn., came to the place at about 7-A.M., when our fathers, mothers, and relatives &c. were in a very sorrowful state for it happend to lose our antique property also for the sudden ill-treatment. They perceiving our state of affliction and having commiserated finally decided that the same promised Building site would be sanctioned. On his decision we removed our House-materials, provisions in pots, and the sundries &c., and scattered them along the streets and on the plains, as we had no rooms to secure them. We beg to say, having our old places been required urgently for the purpose, sudden orders were issued and every necessary things wanted have been entirely completed, but our promised Building site is still pending. As we were unable to remove our scattered things to the promised ground we solicited them to grant Rs. 50 to each owner of the houses and in complaince with our earnest request they confered on us Rs. 10 respectively.

VI. On the 13th September 1899 the aforesaid Gentlemen ordered us to remove our articles and lay them on the respective schemed places, and permitted us to erect small huts for our convenience, and when the foundation was excavated one of the City Municipal Peons viz., Moonisawmy, prevented us from the execution of our works, warning us with caution that no houses or huts should be erected without the order of the Deputy Commissioner, and the Vice-President and accordingly we put the works to a stop, and the house-materials left on the plains were stolen and destroyed by white ants, by which we poor people have sustained great loss. We, who are in the Military lines, are not permanently staying in one place, but we, giving the houses to the charge of our grand-fathers, parents and wives, are suddenly leaving the station on Fields and Foreign Commands &c. and if our grand-fathers and fathers who are living on small pensions would endure such heavy losses how we could afford in this critical time to gain the same, we pray your honour should consider the matter.

VII. We further beg to inform your honor that we are the old inhabitants of the places in question for more than three-fourth of a century from the time of your honor's beloved late Grand-father, The Hon: Sir Purnayah, the late Dewan. These our antique lands were especially granted by the British Govt: only to the Pensioners of the "Queen's Own" Madras Sappers and Miners when the above Corps established its Head Quarters just opposite to the west of the City Fort; and in the time of His Highness the late Maha Rajah Krishna Rajendra Wadiar Bahadur G.C.S.I., we were not at all disturbed. In the former days as there no documents for the grounds were awarded to us we are unable to produce the same if called for.

VIII. Since we were removed from our former places, our Marri Amman Temple is in a state of desolution and there is not a single soul tc have the lamp lit in the nights and to perform the daily ritual Homage; so we humbly pray your honor would be pleased to take this into the view if it is just. As regards our old Burial-Ground we beg to bring to your honor's notice that a compound wall has been built round about the same and a small door is let open and the Bramin, living adjacent to the Burial-Ground, permits no one to enter into the enclosure which is also to be regarded to.

IX. The houses of the parties, who disobeyed the orders of the superiors are still in existence which have not been destroyed like ours and also the Mahomedans who took occupation of the old land long days after us are permitted to live in the same places, and we, who have obeyed the same and demanded a piece of land in liew of the old ones are still in troubles and our affairs are up to date undicided.

X. We, therefore under these deplorable circumstances, most fervently crave your honor will be graciously pleased to have sympathy with us on the matter in using your honor's utmost influence by taking interest on behalf of us, (your honor's humble petitioners) to investigate our pitiful case lodged for disposal and grant us the promised vacant Building-Site now demarcated especiously for our purpose. Should we be fortunate in succeeding our object, we shall esteem it an extreme favour and will acknowledge the same with most gratitude and humble respect.

For which act of charity, we, our poor grand-fathers, parents and families shall as in duty bound ever pray for your honor's healthy, wealthy and longevity.

We beg to remain,

IN THE NAME OF GOD, MOST MERCIFUL.

BANGALORE,
June, 1901.

To

P. N. Krishna Murti, Esq., C. I. E.,

THE DEWAN OF MYSORE.

MOST HONORED AND RESPECTED SIR,

WITH due profound respect, and humble submission, we the undersigned belonging to the Corps of "Queen's Own" Madras Sappers and Miners and the Pensioners, thel ate inhabitants of the Old Sapper Lines near the City Fort, most earnestly beg to lay our modest petition with a sanguine hope that will meet with your honor's utmost valuable consideration and success and in the meantime praying to be pardoned for our intrusion in giving your honor trouble.

I. We beg to inform your honor that our Grandfathers and parents were dwelling in the above said Old Sapper Lines from 1830 to 1890, the deceased Mr. Nagasa Rao, the then City Amildar, sent for us and our parents and enquired how many years we had been residing in the above mentioned place for, we in reply answered him that from the time of our forefathers we were the inhabitants of that place and also mentioned him that the ground was given to our forefathers in the time of the late Dewan, (your honour's beloved Grand-father) —

II. On giving this information to him, he told us that our dwelling place having been very badly required by the City Municipality to erect Mundi Bazaars called "Taragu Pet", and that a vacant piece of ground, situated just about a furlong from the Maha Rajah's Regimental Lines and the Mosque would be measured, plotted and given to us in place of our old premises for the erection of our New Buildings with a promise that he would pay only the cost of House-materials to those who were not prepared to sell their houses and grounds &c., and to the rest that were willing to dispose of their landed property, the purchase money has been paid and settled. When we were paid for the value of the House-meterials, the Late Mr. Nagasa Rao promised us that instead of our Mariamman's Temple in the old place, would be built for our Ceremonial Culture on the promised ground at the cost of the City Municipality; and on his final decision we requested him to give us the promised ground accordingly plotted and measured equal to our old premises and grounds. In the year 1889 he had the vacant ground only measured setting with marking stones, but neither he plotted the ground nor granted to us for the construction of houses respectively. We who were only paid for the House-Materials made several *urgees* for orders, not even one of them has been taken into consideration and replied to and a few days elapsed afterwards we called to his house in person and respectfully requested him to issue us his decisive orders to erect our new houses, which he, without complying with stated that a Municipal notice would be served on the matter and permited us for the time in subsequent to live in our old houses until further orders.

III. We were in expectation of the orders for about ten years, and finding no signs of issuing orders as proposed, we applied for the same and in reply, he, not by the use of written orders, verbally informed us that the same promised piece of vacant ground would within a brief lengh of period, be sanctioned with a binding declaration that he would call personally and have the ground properly plotted and given to us in his presence but we were not in accordance with his several perfidious promises as yet given with any orders.

IV. In the time of T. T. Leonard Esqr. who was the President of the City Municipality, we received a notice from him directing us to vacate immediately our Old Houses and shift to the place where the Pindari Cherry was situated just the nearer to the Kautumuneshwar Koil in the locality of Hebbal Village—and with reference to the notice we made an application to T. T. Leonard Esqr. mentioning him that in the year 1889, a piece of vacant ground by the Kengeri Road, adjoining the Mahomedans Mosque, was already promised to us by the deceased Mr. Nagasa Rao, the then City Amildar to construct our new houses on the promised ground, for this reason we informed him we would not depart from our antique place, as soon as we gave him all the particulars he enquired in the office if our statement was correct, and on his being satisfied with their deposition he gave an order to Mr. Honnappah to have the plan of the promised piece of vacant ground, produced for his information, which he furnished accordingly and on his view of it, he inspected the vacant ground granted to-us and declared that he would also within a short period sanction the same, but he unfortunately having proceeded to England on private affairs we have not been up to the date contemplated on the subject.

V. On the 11th of September 1899, precisely at 6-P.M. a sudden Municipal Notice of 24 hours, was presented to us to vacate again our old houses at once and on the 12th Idem at about 6-A.M. one of the Municipal Overseers viz., Varadappah having appeared instantaneously with a pack of coolies and implements issued orders to them to demolish the compound walls of the premises; during which time some of our people were asleep and some were preparing Morning-food and some of our women were in the necessary houses and our poor children trembling through the fear of those coolies commenced crying and the whole of our people were also perturbed, and in the intervening time Messrs. Pottannah Chetty, the Deputy Comr., and the late Srinivasa Rao, the then Vice President of the City Municipal Comn., came to the place at about 7-A.M., when our fathers, mothers, and relatives &c. were in a very sorrowful state for it happend to lose our antique property also for the sudden ill-treatment. They perceiving our state of affliction and having commiserated finally decided that the same promised Building site would be sanctioned. On his decision we removed our House-materials, provisions in pots, and the sundries &c., and scattered them along the streets and on the plains, as we had no rooms to secure them. We beg to say, having our old places been required urgently for the purpose, sudden orders were issued and every necessary things wanted have been entirely completed, but our promised Building site is still pending. As we were unable to remove our scattered things to the promised ground we solicited them to grant Rs. 50 to each owner of the houses and in complaince with our earnest request they confered on us Rs. 10 respectively.

VI. On the 13th September 1899 the aforesaid Gentlemen ordered us to remove our articles and lay them on the respective schemed places, and permitted us to erect small huts for our convenience, and when the foundation was excavated one of the City Municipal Peons viz., Moonisawmy, prevented us from the execution of our works, warning us with caution that no houses or huts should be erected without the order of the Deputy Commissioner, and the Vice-President and accordingly we put the works to a stop, and the house-materials left on the plains were stolen and destroyed by white ants, by which we poor people have sustained great loss. We, who are in the Military lines, are not permanently staying in one place, but we, giving the houses to the charge of our grand-fathers, parents and wives, are suddenly leaving the station on Fields and Foreign Commands &c. and if our grand-fathers and fathers who are living on small pensions would endure such heavy losses how we could afford in this critical time to gain the same, we pray your honour should consider the matter.

(18)

VII. We further beg to inform your honor that we are the old inhabitants of the places in question for more than three-fourth of a century from the time of your honor's beloved late Grand-father, The Hon. Sir Purnayah, the late Dewan. These our antique lands were especially granted by the British Govt: only to the Pensioners of the "Queen's Own" Madras Sappers and Miners when the above Corps established its Head Quarters just opposite to the west of the City Fort, and in the time of His Highness the late Maha Rajah Krishna Rajendra Wadiar Bahadur G.C.S.I., we were not at all disturbed. In the former days as there no documents for the grounds were awarded to us we are unable to produce the same if called for.

VIII. Since we were removed from our former places, our Marri Amman Temple is in a state of desolution and there is not a single soul to have the lamp lit in the nights and to perform the daily ritual Homage; so we humbly pray your honor would be pleased to take this into the view if it is just. As regards our old Burial-Ground we beg to bring to your honor's notice that a compound wall has been built round about the same and a small door is let open and the Bramin, living adjacent to the Burial-Ground, permits no one to enter into the enclosure which is also to be regarded to.

IX. The houses of the parties, who disobeyed the orders of the superiors are still in existence which have not been destroyed like ours and also the Mahomedans who took occupation of the old land long days after us are permitted to live in the same places, and we, who have obeyed the same and demanded a piece of land in liew of the old ones are still in troubles and our affairs are up to date undicided.

X. We, therefore under these deplorable circumstances, most fervently crave your honor will be graciously pleased to have sympathy with us on the matter in using your honor's utmost influence by taking interest on behalf of us, (your honor's humble petitioners) to investigate our pitiful case lodged for disposal and grant us the promised vacant Building-Site now demarcated especiously for our purpose. Should we be fortunate in succeeding our object, we shall esteem it an extreme favour and will acknowledge the same with most gratitude and humble respect.

For which act of charity, we, our poor grand-fathers, parents and families shall as in duty bound ever pray for your honor's healthy, wealthy and longevity.

We beg to remain,

MOST HONORED AND RESPECTED SIR,

Your Most Obedient and Dutiful Servants,
